Installation/Operating Instructions

WARNING! PRIOR TO USE

Ensure that the plastic protective sheet coating is removed from all Outer Case Kit components before installation.

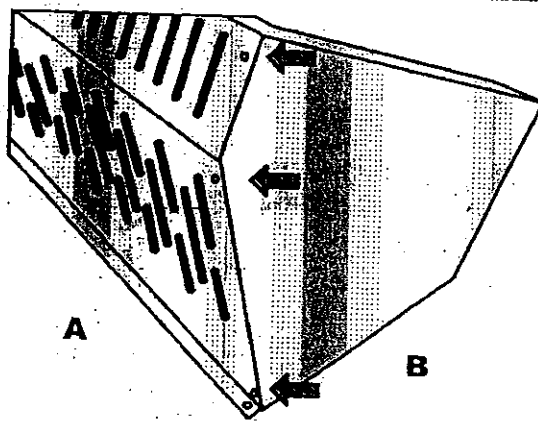

INSTALLATION INSTRUCTIONS

PLEASE NOTE: Heater must be installed at the 30° angle.

Please refer to the picture on the left for the descriptions below:

- A. Top Cover (With grille)
- B. Side Cover
- C. Side Cover
- D. Bottom Tray

Line up screw hole of the first side cover (B) to the top cover (A), then use three screws provided to attach the two parts together.

INSTALLATION INSTRUCTIONS (Continued)

Repeat the steps mentioned above to attach the second side cover (C) to the top cover (A).

Place the assembled unit over the installed heater head, lining up the two screw holes nearing the back of the case kit with the wall mount unit holes.

Use the two screws provided to attach the cover to the heating unit.
